”Et album for blueselskere.....”

”Rune Myhren imponerer til tider stort på sitt nye album - *Sampled Minds* – og har fått til et ekte uttrykk, noe som man ikke hører på alle skiver fra hvite bluesartister”.

Hamar Arbeiderblad 11.01.2005

“Watch out! This big Viking is blowin'up a powerful, Norwegian, blue-ice hurricane. Storm warnings are in order, for the rest of us! Rune Myhren operates the chromatic harmonica as if he invented it ...the band sounds like Howlin' Wolf and Capt. Beefheart are finally together.”
“Icepick” James Harman

“The performance is excellent, played with passion. It is a labor of love and, I guess, reflecting Myhren's personal favorites in style. The recordings sounds very good. Musicianship is fine, throughout”.
Detlev Hoegen, CrossCut Records

“Sampled Minds is a solid debut effort, utilizing some of Norway & Northern California's finest. The CD employs a wide variety of styles, songs are a mix of originals, some stone blues, humorous, jump swing, all performed by a crew that know what they're doing here”!
Mark Hummel

“Sampled Minds is a fine new release in the blues, I like the way this CD explores several different blues grooves, it's very fresh sounding & the song selections & musicianship is top notch all the way through! I'm very proud to be a part of it”
